## 2025 COMMUNITY PARTNERS

Dear Partner,

This year marks a significant milestone for our club as we celebrate 100 years of sport at our De Motts Road location. Originally named the Durdiwarrah FC in 1914, we began our journey 20 minutes north of Anakie, where the construction of freshwater dams to supply water to Geelong was underway. Upon the completion of these decade-long works, the club relocated to its current site in 1925.

Throughout this time, our club's survival and success have been made possible through the invaluable support of our community partners. Your contributions have allowed us to provide a vital sporting hub for local families and participants, helping to foster a sense of belonging and connection.
